PRISMATIC 2023

On August 19, 2023, the corridors of knowledge resonated with excitement as Johnson Grammar School (ISC) hosted their much-awaited Science Fest "PRISMATIC 2023", an event that transcended theoretical boundaries and delved into the practical marvels of Physics, Chemistry, Biology, Mathematics, Computer Science and Psychology. The fest unfolded with a splendid array of projects and experiments poised to impact real-life scenarios.

The fest was a testament to the dedication of the Administrator Mr. B. Chandrasekhar to encourage students' endeavours. The fest commenced with an inaugural that set the stage for intellect and discovery. After a heartfelt welcome speech, the ceremonious lamp lighting, a harmonious song and a mesmerizing dance, the spotlight shifted to the judges Dr. Tanvi Arora (CSIR - NGRI) Dr Anoop Kumar (Aragen Life Sciences Ltd) and Dr Ananth Naik B, JGS Alumnus (General Medicine) who were introduced and felicitated for their invaluable contribution to the event.

Under the guidance of the ISC Principal Mrs. Srabanti Basu and the meticulous planning of the ISC Co-ordinator Mrs. P. Ushasri, students showcased projects that underscored the practical applications of scientific concepts, inspiring everyone. As the projects came to life, the atmosphere brimmed with enthusiasm and curiosity. Principal thanked the guests and parents for making the event a grand success.

The fest truly achieved its objective of fostering practical learning while showcasing the boundless potential of scientific exploration.

INDEPENDENCE DAY CELEBRATION

INDEPENDENCE IS AN EMOTION

'Independence', is not just a word but an emotion that everyone craves for. On 15th August 2023 Johnson Grammar School, Mallapur celebrated the 77th year of Independence with great fervour.

We started with the prayer followed by the pledge. Our President and the Vice President followed by our Head Boys and Head Girls hoisted our National Flag and stood up in respect to sing the National Anthem. Then came the March Past by all the Student Council Members.

The events which were held on the day were extremely eye catching. Students of ISC performed a medley of patriotic songs that had everyone grooving. Preeti of Class XII B delivered an enlightening speech on how India gained its Independence. Students also rendered a soulful performance to endear themselves to the audience. The Independence Day celebrations at Johnson Grammar School were very well planned. I respect all the freedom fighters who fought and sacrificed their lives for our independence. I'm proud to be an Indian.

Mir Reza Ali Khan, XII A

WHAT'S BUZZING?

Classroom Activities

Commerce Quiz

Among all the exciting activities taking place back to back in the classrooms and ground of JGS, Commerce Quiz conducted by XII C students on 5th August 2023, was a unique event. In order to test the knowledge of the students in the subject of Commerce along with having tons of fun, students and faculty joined hands and made this a grand success

Field Trip !

A visit to CSIR - CCMB, HABSIGUDA

On 4th August 2023, students of the Science Stream were taken to CSIR - CCMB as a part of Science field trip. It was an enthusiastic and educational trip where different advancements in the field of Biology were explained and showcased.

- HAREESH XII A

India on the Moon

A moment as glorious as the Moon itself, pride-filled eyes that rival its luminescence and smiles that resemble the crescent. From mothers pointing out the Moon to their babies to Chandrayaan landing on the Moon, the journey has culminated into this momentous occasion.

As the world watched, India launched the first satellite on the South Pole of the Moon. A milestone that is remarkable. It was the fruit of several attempts, hard work and intelligence like no other. The ISRO engineers put together an incident successful not only in the field of Science but also in bringing the country together in the name of collective achievement. And therein lies the magic of Science.

ISC ASSEMBLY

The ISC assembly every Thursday is a labour of love. It is a wonderful platform for our students to showcase their talent.

All students are encouraged and also trained offline and online. Students are guided about posture, pronunciation and confidence. Everything from the prayer to the song, from dance to the speech is prepared by the students themselves. Maximum students are given an opportunity to participate. Under the guidance of their teacher Mrs Hamsa Gayatri, they take up their roles with pride.

CAREER COUNSELLING

“Where your question mark(?) turns to a full stop.”

If you have ever thought about your identity, or what defines someone, career is definitely one of the aspects that come to the mind. Career counselling is a process that helps individuals identify and explore various career options, make informed decisions about their future and develop strategies to achieve their goals. It can be helpful at any stage of life.

THINK BIG, DREAM BIG, BELIEVE BIG AND RESULT WILL FOLLOW

Career Guidance Counsellor**

SPORTS

The CISCE Cricket Tournament (Boys) 2023-2024 was hosted by Hyderabad Public School, Begumpet. A total of 8 teams participated from Under- 19 boys category and every match was a knockout match. JGS won every match and faced the former winners St.Joseph Habsiguda in the finals. JGS this year struck back with excellent bowling performance with which we won the low scoring encounter in the all important finals against St.Joseph. All the coaches, seniors, and teammates were present on the ground and the joy and happiness we had the next few days after finals was countless. We cherish this wonderful experience as we made history winning gold in under- 19 category for the first time. We sincerely extend our gratitude to our coaches Mr. Dayand, Mr. Mujahed, our escort teacher Mr.Suresh and all the Sports Staff. We also thank our school for providing us time to practice after school.

Designing the August month newsletter was an amazing experience for me. I had a great time making this newsletter with my team under the guidance of Shivani ma'am. The outcome of the newsletter was a great success only because of the proper planning and strategy. I would like to thank the school management for giving us this opportunity.
Deeksha Jain
XII A

Being a part of newsletter editing team is one of the biggest opportunities one can get. I have not only learnt different aspects of editing but also the importance of team work which leads to a success. I would like to thank Shivani ma'am for guiding, supporting and encouraging us throughout the editing sessions.
Ashritha B
XII A

Undertaking the task of designing the newsletter under our teacher's guidance was an exhilarating experience. I'm so glad to express my sincere gratitude to both the school and Shivani ma'am for giving me this wonderful opportunity. Their belief in my abilities not only boosted my confidence but also allowed me to explore my creative potential in new ways. This experience has been truly transformative, and I am genuinely grateful to the school for their support and encouragement.
