Together for Mental Health Day - Watch Now

RESTED & RECHARGED

The assemblies in October were full of energy, creativity, and learning! Students of Classes XI and XII impressed everyone with their performances.

We had a meaningful skit on mental health, a colourful presentation on Diwali explaining the significance of lighting diyas, and a powerful skit on the role of nations in building a peaceful, anti-war world.

Along with these, students showcased other talents, and several prizes were handed out to celebrate their efforts. The assemblies were fun, inspiring, and a wonderful way to see our students shine on stage.
